NEAR AT HANDNew York Strikers Likely to

UNDER TENTATIVE AGREEMENT

Drivers and Helpers of Five Transcontinental Express Companies Willing to Resume Their Labors—If Jersey City Men Approve of Pact the Strike Will End—Taxicab Drivers Mob Nonunion Men.

New York, Nov. 11.—The drivers' and helpers' strike against the five transcontinental express companies is possibly to be settled within twenty-four hours, following a series of negotiations, agreements and refusals, which gave the situation a rapid succession of changes in status.

After deliberating five hours an executive session of the striking drivers and helpers of the five transcontinental express companies tentatively decided to return to work on Monday under the terms of the agreement signed Wednesday afternoon. If the Jersey City strikers also approve the agreement the men will go back. If the Jersey men reject the agreement the New York men will stay out. Drivers and chauffeurs on strike not employed by the express companies are not affected and may settle their differences as they choose.

An agreement signed in Mayor Gaynor's office to be submitted at a mass meeting of the strikers was expected to bring peace. At the mass meeting the men declared sharply against the acceptance of the terms offered and to which representatives of the strikers had agreed. The union men demanded unqualified recognition of their organization. This action was finally turned down by the tentative acceptance of terms.

The agreement, signed by representatives of all the express companies, declares willingness to take back former employees regardless of union affiliations, at the old rate of pay until Dec. 1, when any changes mutually agreed upon may become effective.

Signed an Acceptance.

The committee representing the striking employees signed an acceptance of the terms offered, declaring these terms to be in accordance with their announced demands.

The signing of the agreement was brought about by Mayor Gaynor, who, on reading the published statement of the express companies, observed that they expressed willingness, if reduced to simple terms, to meet the demands made by the strikers. At the instance of the mayor the statement was reduced to a short form. This the mayor caused to be presented to the committee from the strikers.

There was more rioting than at any time during the strike. John Williams, state commissioner of labor, threatened an official investigation if matters did not end.

Counsel for the Adams, the United States and the Wells-Fargo companies obtained an order from Judge Cox in the United States circuit court directing the city to show cause why it should not be restrained from enforcing the ordinance which requires carriers of interstate express matter to take out city licenses. It is probable that the companies will press this point regardless of the outcome.

The worst of the trouble came from striking taxicab chauffeurs, who went out in sympathy. They mobbed taxicabs driven by nonunion men and squabbled with the police until it was necessary to threaten them with drawn revolvers.

MATT RUESEGEN IS ON TRIAL

Charged With the Murder of a La Crosse Man.

La Crosse, Wis., Nov. 11.—Matt Ruesegn, charged with the murder of John Studier, foreman of the Wisconsin Pearl Button company, is on trial in circuit court before Judge E. C. Higbee.

Ruesegn is a button cutter, and is charged with shooting Studier, June 11, on the street just as he was leaving the factory. After his arrest in a woodshed on the North Side, the defendant told the police that he shot Studier because the latter cheated him out of part of his wages.

It was charged by the defendant that Studier underweighed the buttons cut by him and that he made up his mind to kill him for it. Ruesegn was arraigned the next day and pleaded guilty to the charge of murder in the first degree and was bound over to the circuit court to be sentenced.

Judge Higbee was out of the city and before his return the parents of the defendant employed an attorney and then Ruesegn changed his plea to not guilty. He is being defended on the insanity plea. The case will be on trial several days.

Thief Finds Hidden Cash.

Baltic, S. D., Nov. 11.—Lack of faith in banks cost John Rokke, a farmer living near here, the sum of \$100. While Rokke and his family were absent, a thief broke into their home and secured five \$20 bills which Rokke believed he had hidden in a place where they could not be found. There is not the slightest clue to the identity of the thief.

WOMAN SOON WILL BE TRIED

Accused of the Murder of a Prominent Attorney.

Sioux Falls, S. D., Nov. 11.—The trial of Mrs. Nellie McMahon for the murder of David P. Thomas, an attorney and former United States commissioner, which will take place at a term of court convening in Meade county Monday, will be second in importance and interest to the famous case of Mrs. Emma Kaufman, wife of a wealthy Sioux Falls brewer, who a year or two ago, after two sensational trials, was virtually acquitted of the charge of having caused the death of her sixteen-year-old domestic, Miss Agnes Polreis.

Mrs. McMahon has powerful friends who will seek to have her acquitted. As the result of a dispute over the occupancy of an office building at Sturgis she is charged with shooting Thomas to death on July 30 of the present year.

As a sequel to the tragic death of Thomas his widow recently instituted a suit against Mrs. McMahon by which she seeks to recover damages of \$10,000. Mrs. Thomas was left in straitened circumstances, with five small children to support. The suit was instituted for the purpose of compelling Mrs. McMahon, who is a woman of means, to assist in caring for the five children.

Naturally there is keen interest as to the grounds upon which the defense will be based. In some quarters it is believed the defense will be conducted on the theory that Mrs. McMahon was suffering from an attack of temporary insanity. In other quarters it is thought self-defense will be urged. Immediately after her arrest Mrs. McMahon said she acted in self-defense, so it is likely this will be the grounds upon which her defense will be based.

RAILROAD OFFICIALS MEET

Leading Magnates of the West Confer in St. Paul.

St. Paul, Nov. 11.—Freight and passenger rates in the West were discussed at length by some of the leading railroad magnates of the West who met in St. Paul. It is generally believed the question of advancing rates was considered, but none of the conferees would divulge any information on it. After a morning session at the office of James J. Hill in the Great Northern building they adjourned to the Minnesota club for luncheon and were in session there until 4:30 in the afternoon. The plan, if any, adopted at the conference, was not divulged, for the officials imparted little information of their deliberations. From indications they discussed the feasibility of advancing some of the freight rates in the West, but to what extent will not be known probably until tariffs are filed with the interstate commerce commission at Washington.

Those present at the conference were: James J. Hill, chairman of the board of directors, and Louis W. Hill, president of the Great Northern; Howard Elliott, president of the Northern Pacific; Darius Miller, president of the Burlington; A. J. Earling, president of the Chicago, Milwaukee and St. Paul; Edmund Pennington, president of the Soo line; E. P. Ripley, president of the Santa Fe, and J. C. Stubbs, traffic director of the Union Pacific, Southern Pacific, Oregon Short line and Oregon Railroad and Navigation company.

FINGER PRINTS ARE FATAL

Negro First in United States to Be Convicted on Such Evidence.

Chicago, Nov. 11.—The first conviction on finger print evidence in the history of this country was returned by a jury in the criminal court against Thomas Jennings, a negro, for the murder of Clarence A. Hiller, whose home he attempted to rob Sept. 19 last.

It is probable the supreme court will be asked to rule upon the use of such evidence in criminal cases.

Saskatchewan Settler Missing.

Hanley, Sask., Nov. 11.—The mysterious absence of John A. Olson, formerly a Chicago warehouse man, is causing his family much alarm and foul play is feared. He purchased land four miles east of here several years ago and prospered as a farmer. He was last seen on Oct. 27.

Rock Slide Halts Traffic.

Winnipeg, Nov. 11.—A rock slide is reported at Golden, in the Rocky mountains, which will delay transcontinental trains twenty-four hours. No one was injured, but a westbound train had a narrow escape.

Girl Almost Burned to Death.

New Richmond, Wis., Nov. 11.—The eight-year-old daughter of Bert Berg, a farmer, was horribly burned by kerosene. The child threw some oil on the kitchen fire and it burst into flames, which enveloped her.

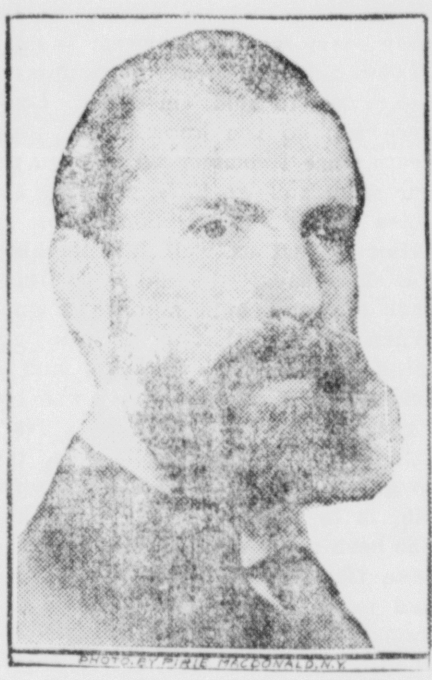

Guarding Against Trouble.

The honeymoon of a newly married couple was about to end, and the young bride asked her husband what she could do to prove she loved him with all her heart. The husband replied:

"You might turn over all the foolish letters I have written you, so that I might have the satisfaction of destroying them."—Newark Star.

CHARLES E. HUGHES.

Taft's Choice for Chief Justice of Supreme Court.

CHOICE FOR CHIEF JUSTICE

Hughes Now Favorite With President Taft.

Washington, Nov. 11.—Charles E. Hughes is President Taft's choice for chief justice of the supreme court. The president has been inclined toward Associate Justice Hughes from the first and the longer he has considered the available material the stronger has become his belief that Mr. Hughes is the man for the place. The president is still holding the appointment open, but there is no longer any doubt that Mr. Hughes will be named.

There has been a disposition in some quarters to regard Mr. Hughes as uncompromising and also a little too progressive in his views for a chief justice. The former criticism has been voiced by one or two members of the president's cabinet; the latter comes from business men who apparently had in mind Mr. Hughes' stand for direct primary and similar legislation. The president has carefully considered both of these so called objections, but they have not affected the favor with which he regards New York state's former governor.

The president has satisfied himself that Mr. Hughes is sound on fundamentals, that is, on his views of the Constitution, and that consideration is placed before everything else in Mr. Taft's selection of a member of the supreme bench.

Zellu Root, Associate Justice White and Associate Justice Harlan are the most prominent of the other chief justiceship possibilities considered by Mr. Taft.

BURKE APPEARS TO
HAVE A SAFE LEADLatest Returns Favor Governor
of North Dakota.

Bismarck, N. D., Nov. 11.—Governor John Burke has again demonstrated his ability as a campaigner by being elected a third time governor of North Dakota. His election is conceded by Chairman Talcott of the Republican state central committee, after hearing pretty definitely from a number of counties whose majorities could only be estimated up to the time of obtaining accurate figures.

Rolette, Walsh and Stutsman counties swung the balance from nearly an even break to about 1,500 for Burke. Rolette county, which was reported early to give a Democratic majority of less than 200, returned a majority of 652, a gain of over 400 for Burke. Walsh county, which was estimated at something less than 300 for Burke, finally came in with over 500, and Stutsman, which had been figured by the chairman of the county central committee at something less than 200 for Burke, finally showed a Democratic majority of over 600. The increase in these three alone was more than 1,000 from the majorities as reported and estimated before the final returns.

Johnson failed to bring out as heavy a vote as was predicted for him in his home county and the surrounding territory.

Stutsman county, the home of James Buchanan, defeated insurgent candidate for the nomination as governor before the June primaries, seems to have been the banner Burke county of the state.

On the total returns it is probable that Burke's majority will be considerably smaller than it was two years ago.

Ralph Waldo Emerson's Stove.

Ralph Waldo Emerson was a man of rare integrity and very particular about small things. One day a new cooking stove had been provided for his house, and, although the stove came very highly recommended, it proved thoroughly unsatisfactory and most provoking, as it did everything but what it was expected to do. After awhile the family was in despair, and some one suggested sending it to auction.

"What?" exclaimed Emerson. "Transfer our own perplexity to another pair of shoulders? No, never, unless the stove is labeled 'Imperfect'."

And so "Imperfect" it was labeled and sold at a great discount.

POLICE KEEP THE
CROWDS MOVINGPrevent Further Disorders in
Mexico City.

ON INSULT TO AMERICAN FLAG

Reply of Mexican Government to Ambassador Wilson Will Show a Proper Attitude on Its Part—Mob of Several Hundred Men and Boys Make a Demonstration Against Americans at Guadalajara.

Mexico City, Nov. 11.—Repressive measures adopted by the Mexican authorities prevented a repetition of the previous day's scenes in this city and resulted in a day of comparative tranquility. An attempt by the demonstrators to gather in the neighborhood of the new National theater was discouraged by the mounted police, who kept the crowds moving. The foreign office has assured Ambassador Wilson that there will be no repetition of the rioting. Strict orders have been given the police, Minister Creel said, to prevent by vigorous measures, if necessary, gatherings of any description in the streets.

Visits were exchanged between Minister Creel and the American ambassador and a verbal reply was given by the former to Mr. Wilson's urgent message concerning the insult to the United States flag and to American citizens. What the nature of the reply was, Mr. Wilson declined to say, but intimated that the same, when put into writing and formally transmitted, would show a proper attitude on the part of the Mexican government.

Papers Will Be Suppressed.

Assurances were also given that several newspapers whose utterances have incited the demonstrations which developed into riots would be suppressed. One of the latter, El Pais, printed a suggestion for a boycott throughout the republic.

Another, El Diario del Hogar, published a cartoon depicting the Mexican people clubbing Uncle Sam, while in the background was pictured the burning of Rodriguez at Rock Springs, Tex. Ambassador Wilson was warmly congratulated by business men and others of the American colony personally and by letter for the aggressive stand he has taken in the crisis.

Reports which have reached Mexico City from the United States that an attempt had been made upon the life of the ambassador were without any foundation in fact.

Fears that with the coming of darkness violence would break out anew proved to be groundless. The presence of numerous squads of mounted police with carbines across their backs prevented anything in the nature of disorder.

KNOX ISSUES A STATEMENT

Trouble Cause of Deep Regret to American Government.

Washington, Nov. 11.—Secretary of State Knox, while deploring the situation in Mexico, believes it is not representative of the real attitude of the two peoples. In a formal statement he says:

"The manifestation of resentment toward Americans reported from Mexico is the cause of deep regret to this government and equally so, I am sure, to the American people. At no time have the governments and people of the two countries sustained toward each other closer and more cordial relations, predicated upon common purposes and sympathies, than now."

"It is most unfortunate that the brutal crime in our country of which a Mexican was the victim should be made the excuse for a demonstration of hostility toward Americans in Mexico. It is a satisfaction to believe that such demonstrations find little sympathy in the body of Mexican people and none in the Mexican government."

"I am sure the Mexican government will be swift to put down all hostile demonstrations against Americans in Mexico and to punish those engaged in them, as this government will be prompt to press for the punishment of persons guilty of crimes against citizens of Mexico residing in this country."

AGAINST THE AMERICANS

Mob at Guadalajara Makes a Demonstration.

Guadalajara, Mex., Nov. 11.—For three hours a mob of several hundred men and boys of the lower class, incited by the inflammatory speeches of students of some of the state schools, paraded the streets of this city in a manifestation against Americans.

Considerable property was damaged, but so far as known no lives were lost. The city is practically under martial law and it is believed the riot is well in the control of the state and federal troops. Police detachments and the Tenth federal cavalry are guarding the streets of the city, where Consul Samuel E. Magill was threatened with violence. Four squadrons of the same troops are patrolling the American residence section and down town police are guarding the American business houses.

CHAUNCEY M. DEPEW.

Not Sorry That He Will Be Retired to Private Life.

CHAUNCEY DEPEW IS HAPPY

New York Senator Reconciled to His Fate.

New York, Nov. 11.—Apparently unruffled by the fact that his career in the United States senate had come to an end, Senator Chauncey M. Depew sat in his library and talked of his fifty-four years of public life, which practically closed on election night, when a Democratic legislature was elected.

"I am the happiest man in the state of New York," he said, "I am seventy-seven years of age, I have been fifty-four years actively in politics and I think I can say that my ambitions have been reasonably satisfied. During the past campaign I made occasionally two speeches a night, once talking for an hour in the rain, and the next morning my voice was in as good condition as ever. My health is good and my desire of years to be happy myself and share that happiness with others, has been fairly well satisfied."

"I was fairly certain that the Republicans would be defeated, for the change in the vote that elected Foss in Massachusetts, Havens in New York and Plaisted in Maine, was so nearly the same that there was no doubt that the country was up in arms."

MANY FELL BY
THE WAYSIDE

More Than Forty-two Congressmen Defeated.

Chicago, Nov. 11.—The hospital for political "lame ducks" will have to be enlarged. Hereafter after a congressional election the administration, of whatever political faith, has had a bunch of faithful supporters who have fallen outside the breastworks. Ordinarily there have been positions enough in the consular service and on different commissions to take proper care of these, but this year there won't be places enough to go around.

The senate list of cripples is unusually, surprisingly large. Aldrich of Rhode Island and Hale of Maine dodged the storm by announcing their withdrawal from public life. Others were not so well gifted in the foresight line. Burrows of Michigan, who has been in public life since he came home from the Civil war, fell in the primary battle. Warner of Missouri saw the storm in time to retire before the fight. Keen of New Jersey, Depew of New York, who used to spur ambassadors, Scott of West Virginia, Dick of Ohio, Beveridge of Indiana and Burkett of Nebraska went into the fight and came out beyond hope of relief by the "First Aid to the Injured Corps."

In the house roster the list of wounded is little short of appalling. "Oleo Bill" Moxley of Chicago, who succeeded "Blond Billy" Lorimer in congress, and Henry S. Boutell, the ardent champion of Cannon and Campbell, fell by the wayside in Illinois. Richard Wayne Parker of New Jersey, who has been in congress for nearly twenty years, drops out, along with Denby of Michigan, J. Sloat Fassett of New York, J. Warren Kiefer of Ohio, and a bunch of New York and Ohio Republicans, more or less known to fame. The voters appear to have shown rare discrimination in picking the congressional lambs for the slaughter and have made up a lame duck army larger and more assorted than ever before assembled as the result of a congressional campaign.

The Chinchilla.

The tiny chinchilla, not more than twelve inches long, with a plump little body on short, stout legs, thrives only in the tropics. The little beasts have to be killed with the utmost precaution not to injure their fur, that grows on a skin nearly as tender and soft as a web of silk. A perfect skin not larger than a small pocket handkerchief is a revelation in fur growth. The texture of every hair is finer than floss silk, the length of it nearly an inch and the coloring about that of the soft, undyed marabou feathers.

MINNESOTA THE

SAN FRANCISCO

Golden Gate City Indorsed For Holding Panama Exposition.

STRONG RESOLUTION ADOPTED

Action of National Business League of America in Support of the California City as the Most Desirable Place to Celebrate the Completion of the Panama Canal Bound to Exert a Wide Influence.

The business men of Chicago are for San Francisco as the most desirable site for the exposition to celebrate the completion of the Panama canal in 1915. The National Business League of America, on Oct. 7, adopted a resolution endorsing San Francisco and this action by such an influential body of representative business men is bound to exert wide influence throughout the middle west and the east.

This endorsement, following closely on the failure of New Orleans to secure a Chicago endorsement is particularly pleasing to San Francisco. The resolution follows:

"Whereas, The Panama canal, when completed, unite the waters of the Pacific and Atlantic oceans and create new opportunities for the advancement of American commerce; and

"Whereas, The citizens of San Francisco, in the state of California, United States of America, have publicly declared their intention of holding an international exposition in the year 1915, under the title 'The Panama-Pacific International Exposition, to fittingly celebrate the completion of the Panama canal; and

"Whereas, The Pacific coast has an equable and healthful climate, and San Francisco has every modern facility for the comfort and entertainment of a large concourse of people with ample opportunities for side trips to other coast cities; and

"Whereas, Any route, a pilgrimage to the Pacific coast would be through scenes of beauty and grandeur unrivaled in any other part of the world, the trip to the exposition should be made, at least one way, by a route through the Panama canal, in order that visitors and the world at large may become familiar with that wonderful achievement; therefore, be it

"Resolved By the Board of Directors of the National Business League of America, that San Francisco be, and hereby is, strongly recommended as the proper site for the proposed exposition; and the board further recommends that a line of commodious passenger steamers be established to ply to and fro, through the canal, between the Atlantic coast cities and cities of the Pacific coast, primarily for the purpose of enabling visitors to the exposition to inspect said canal."

Facing Powder.

Miss Buchanan was rallying her cousin, an officer, on his courage and rashly said:

"Now, Mr. Harry, do you really mean to tell me you can walk up to the cannon's mouth without fear?"

"Yes," was the prompt reply, "or a Buchanan's either."

And he at once did it.—London Tit Bits.

Gives Eberhart Largest Republican Plurality.

LEADS G. O. P. OF COUNTRY

North Star State Gives Her Present Governor a Larger Plurality Than Received by any Other Republican Gubernatorial Candidate Last Tuesday—Will Be Known as "Rock-Ribbed Republican Minnesota" Hereafter.

St. Paul, Nov. 11.—"Rock-ribbed Republican Minnesota" will be the term this state will bear for a time, for the Gopher commonwealth was the banner Republican state of the nation in the elections held last Tuesday.

In the first place, Governor Eberhart received a larger plurality than any of the Republican governors who were elected Tuesday. Osborn of Michigan had a plurality of 40,000, the nearest approach to Eberhart's 60,000 or more. The only other Republican who was elected by more than 20,000 is Johnson of California who had 25,000. On the Democratic side, Dix of New York apparently is the only one who had a larger plurality than Eberhart.

Added to this, the fact that Eberhart was elected in a state that had elected a Democratic governor for three successive campaigns, the last two times by large majorities, his feat becomes all the more remarkable.

Minnesota also is about the only state in the Union that did not show an increase in the number of its Democratic representatives. Minnesota returned its one Democratic representative but by a decreased majority while the Republicans elected had just as large majorities as two years ago and some larger.

Representative Stevens said recently that the news of the election of a Republican mayor in St. Paul in place of a Democrat last spring came as a ray of sunshine and hope to the Republicans at a time when several congressional districts and cities had shortly before gone Democratic. Minnesota's Republican landslide of last Tuesday will likewise be a cheering and comforting solace to the national leaders who are mourning the setbacks in other states.

Legislature Is Republican.

Minnesota's legislature also remains Republican, for although the Democrats gained one seat in the senate and two in the house the Republicans still have more than two-thirds of the total vote on the joint ballot and the election of a Republican senator is absolutely certain.

The natural effect of this Republican victory in the state will be to make the Republican senators and representatives at Washington stronger and more influential with the administration than ever and to make the state as a whole a favored spot with the Republican powers at the capital. Minnesota will not be looked upon as doubtful by those who are planning the national campaign of 1912.

One possible effect may be to put Minnesota in line as the place for the next Republican national convention. With the improved hotel facilities in the Twin Cities and the Auditorium which St. Paul can offer the city probably will make a strong bid for the honor of entertaining the convention, and Minneapolis, which entertained the only national convention ever held in the state, undoubtedly will help to bring the convention here.

On the other hand, there is not much likelihood of the Democratic convention being brought here. It has been the policy of the Democrats whenever possible to hold their conventions in doubtful states and thus disseminate Democratic spirit and swing those states. When Minnesota elected a Democratic governor by 72,000 and one Democratic representative in 1907 there was talk of having the 1908 national convention here and the lack of adequate hotel facilities at that time was the principal thing that kept it away.

The cause of the general Republican landslide in Minnesota can be summed up in a sentence—the Republican leaders were good judges of public sentiment.

TOLTZ MUST REPLY BY SAT'Y. NIGHT

The Council Last Night Rescinds the First and Issues a Second Ultimatum

TOLTZ WIRED FROM CHICAGO

With Toltz Out of the Field M. D. Stoner Will Present a New Proposition

The council met in adjourned session last night at the council chambers and Alderman Henning, Cardie, Robertson, Paine, Drexler, Kjellquist and Dieckhaus were present.

In the absence of both President Tooley and Vice President Zakariasen, the council selected Alderman Dieckhaus as its presiding officer, who stated the object of the meeting.

Some were in favor of terminating negotiations with the Toltz Engineering Co., of St. Paul, because neither Max Toltz nor a representative was present. A telegram was read from Max Toltz, dated Chicago, November 9th as follows: "Unexpectedly detained here. Therefore I cannot come to Brainerd Thursday night. Can be there Saturday. If this is satisfactory advise my office in St. Paul."

City Attorney Ryan reviewed the correspondence he had with Mr. Toltz.

Mr. M. D. Stoner was present and was asked if he would enter into a contract immediately should Mr. Toltz prove dilatory. Mr. Stoner said he did not wish to enter into negotiations as long as Mr. Toltz had the board, he wished to give him all possible show. By Saturday night he would have his proposition in presentable shape.

A small bill was allowed by the council. On motion the clerk was instructed to wire Mr. Toltz to be here Saturday night at eight o'clock and sign up his contract or terminate the matter by not appearing.

IRONTON ITEMS

The steel of the Soo line has been laid to the shaft site near Ironton. Shipments of rails are arriving daily and the construction work is progressing rapidly. T. W. Watson, an assistant chief engineer of the Soo line, is running the lines for the depot tracks.

The drill prospects near the townsite are improving every day with the fresh finds being made.

The poles are being set for the telephone line which will connect Ironton with the other towns of the Cuyuna iron range.

The Ironton Township Co. has built a road between sections 14 and 11 connecting the country road south of Serpent lake with Ironton avenue, the business street of the village. The road follows the section line and does away with the wide detour around the lake. The township board was appealed to for assistance in this road building and as they were unable to do anything in the matter, the township company at considerable cost grubbed and graded and ditched its own road, doing something which benefitted the country free of charge.

SYMPHONY ORCHESTRA

Sketches of Some of the Musicians Who Play Here at the Opera House Nov. 17th

The musicians of the Minneapolis Symphony orchestra which plays in Brainerd at the opera house Nov. 17th under the auspices of the Ladies' Musical club are for the most part of European birth and education. All are professional musicians who devote their entire time to music and there is hardly a famous orchestra in this country or Europe which has not contributed musicians to the Minneapolis Symphony orchestra, and hardly a great conductor in the world under whom some of the musicians have not played.

Richard Czerwony, the concertmaster, was brought to America about four years ago by Dr. Karl Muck, when he came to Boston as conductor of the Boston Symphony orchestra, under permission from the German Emperor. Mr. Czerwony was second concertmaster and soloist of the Boston orchestra and prominent in that city as a soloist, teacher, and as leader of the Czerwony String Quartet.

Mr. Carl Scheurer, second concertmaster of the Minneapolis orchestra was a prominent member of the Boston orchestra for several years and is also a soloist of distinction. He, like Mr. Czerwony, was a pupil of Joachim.

Franz Dicks, another prominent member of the first violin section held several important positions in prominent orchestras in Europe and is well known as a successful soloist.

Jean Koch, principal of the viola section, came to the Minneapolis orchestra direct from the renowned Dusseldorf orchestra, Germany, in which he held an important position. He is a valued member of the Minneapolis orchestra and plays upon an unusually fine instrument.

Carlo Fischer, first cellist of the Minneapolis Symphony orchestra, is one of the best known and popular musicians in the west, and is in constant demand as a soloist. Mr. Fischer filled engagements under various European conductors and was later first cellist of the Pittsburgh orchestra under Victor Herbert. Then following a three year engagement as first cellist of the Cincinnati orchestra under Van der Stucken, he was engaged by the Minneapolis orchestra.

Friedrich von Wittmar, principal bass player, comes from an ancient German noble family and served as captain in the German navy for several years. Music with him is a genuine passion however, and he has played under such conductors as Arthur Nikisch and has been leading bass of the Minneapolis orchestra ever since its organization.

Rudolph Seidl, first oboist, is one of the most capable players of this extremely difficult instrument in the United States. He studied at the famous Vienna conservatory and was first oboist of the Vienna opera and with Strauss the celebrated "waltz king," until he became first oboist of the Minneapolis orchestra.

Carl Woempner, the exceptional first flutist, has held many important positions, while his son, Henry, as second flutist and Edward Mayr, as third flutist, complete a trio of unusual capabilities.

CAN NOT SHIP LIQUOR NORTH

No Wet Goods to be Carried by Freight or Express Between Brainerd and Big Falls

NEW PHASE OF INDIAN PROBLEM

Wholesale Liquor Dealers of St. Paul Have Received Notice to that Effect from the N. P.

News is received from St. Paul that the wholesale liquor dealers of that city on Thursday received notices from the Northern Pacific railroad, traffic department, that no more shipments of liquor will be accepted for the district in the northern part of the state which is affected by the Indian treaties. The notice says that no liquor will be carried to the territory between Glyndon and Bluffington. Wheelock and Tamarack, nor between Brainerd and Big Falls. The order includes the cities mentioned.

Similar notices are expected soon from the Soo line and the Great Northern, which operate in the affected district.

It is said that the notices are the result of instructions given the railroads by agents of the interior department.

The notices are held to include express shipments.

Bethlehem Church Concert

The recent concert at the Bethlehem Norwegian Lutheran church was largely attended by the many who wished to hear Prof. Theodore Reimstad and Mr. Kenneth Cranston, of Minneapolis. Prof. Reimstad is the possessor of a remarkably sweet and flexible voice and more-over sang each song, even to the simplest one with a sympathetic interpretation which reached every heart. It was a great privilege to listen to this artist who has the honor of singing before kings of Europe and in several of the great cathedrals of various European countries.

Among the songs rendered by Mr. Cranston were "O Dry Those Tears" and "Last Night." "Absent" was a duet by Messrs. Reimstad and Cranston.

Local talent assisting were Miss Berglet West who delivered a recitation and John Bye who sang a tenor solo. Miss Mysen played the accompaniments.

COUNTY OPTION CLAIMS

E. C. Clemans Claims That His Party Will Control the New Legislature

E. C. Clemans, who has been superintendent of the Duluth district for the Minnesota State Anti-Saloon league in its fight for the election of county optionists to the legislature, denies the assertion made in a dispatch from St. Paul that only twenty-five senators-elect and fifty-seven representatives-elect are committed to the option cause.

"As a matter of fact we have twenty-eight members of the senate and sixty-four members of the house," he said today. "We will control the house and need only four more to carry our measure through the upper house. Practically every one of the legislators that we class as county optionists have given us their written pledge to work and vote for a county option bill."

"We have fought a hard fight and have made splendid gains. County option is coming, that is certain."

MUSIC AND DRAMA

At the Grand

The Australian Novelty companies, the LaTours, present a very good and interesting vaudeville act at the Grand this week. Their juggling is of the highest class. Their juggling of soap bubbles is something unique. His team mate Miss LaTour, is a sketch artist of ability, drawing interesting crayon pictures. She wears some pretty gowns.

The moving pictures are of a high class and are explained by Assistant Manager Truss. The views of Mt. Blanc attract the most interest. This evening at the nine o'clock show an added attraction will be the appearance of several amateurs, Hemstead and Low, juvenile actors, will present a black face specialty, "Guess What It Is?" The Tower brothers of Northeast Brainerd will have a song and dance act. Several girls amateur prima donnas will also make their debut.

FOOTBALL 2 P. M. SATURDAY

Brainerd High Plays Little Falls its Last Game of Season—We Must Win

The high school had its last scrimmage last night before the game tomorrow against Little Falls and light signal practice was the order for today.

The Little Falls team is a strong one, and a battle royal is predicted, when the two teams meet on the McKay grounds tomorrow.

Coach Wieland has done everything possible during the past week to perfect his machine and the boys are all in good shape with the exception of Trent, who has a bad ankle.

Tomorrow's game is the last one to be played here this season, and a large crowd is expected in spite of the cold weather. Good rooting has been assured by the rooting club.

The game will start at 2:00 o'clock sharp so as to enable the Little Falls team to catch their train at 4 o'clock.

The locals will line-up as follows:

Slipp, center; Langslow or Lund, left guard; Darling, right guard; Burgreen, right tackle; Brady, left tackle; Smith, right end; Alderman, left end, (Capt.); Day, left half; Trent, right half; Purdy, quarter; Mahlum, full-back.

DRILLING ON CUYUNA RANGE

Gaylord & Guith Drilling Union Holes—Helmer Exp. Co. Operating Hydraulic Drill

Gaylord & Guith, the Crosby drilling contractors, have commenced work on a set of union holes to be drilled in section 4-46-28. This series of drill holes will be placed on the line between the properties of J. A. Stetson and Thomas Keating. The Carlsons are drilling the Waite property in section 18-47-29. This is property which was formerly drilled by Cuyler Adams.

The drill prospects near Ironton are very good and constantly improving with new finds of ore made daily. Seven drills are at work in the vicinity of the town. The Helmer Exploration Co. is operating a large hydraulic drill and running day and night shifts.

Exploration work is being carried on north of Ironton on the Weyerhaeuser tract.

Advance purchasers of exchange tickets through members of the Ladies' Musical Club may reserve seats Monday, Nov. 14, one day in advance of general sale.

About Our Prices

There are several ways of pricing merchandise but there is only one satisfactory way and this way is the only fair one to everyone concerned.

The primitive way, and the one now discarded by all progressive stores, was to mark merchandise at a higher price than it was expected to sell for unless it was to a credit customer. In the event of a cash customer wishing the article various excuses for cutting the price were given, chief among them was that the purchaser was so much better than the average mortal that it was a pleasure to do it.

The modern way and the way we price our merchandise, is to mark goods at what they are worth and that price must be secured regardless of who the party is. You are not asked one price, the next person another and another person another price. If we do cut a price it is cut to all alike. It is the only fair way and it is "Michael's" way.

This sliding scale of prices cause some to believe that they can purchase cheaper where this is in vogue BUT IT IS NOT SO. The store that maintains one price realizes that it must meet the competition of the lowest price the sliding scale store can make and makes a price on merchandise which is the lowest the sliding scale store can possibly make.

When we ask you a price for merchandise we also insure you that you will get just that much of worth out of it. If you pay us \$10.00 for a garment and do not get \$10.00 worth of good out of it we adjust the matter so that you do. In the light of all these things, you will find no store more satisfactory than our store at which to do your buying.

W. B. Corsets Please Fastidious Women

W. B. Corsets are the royal road to beauty of form. They enable even the most imperfect figure to attain that ideal shapeliness so much desired by every woman.

Gowns fitted over W. B. Corsets fit well because of the smoothness and perfect harmony of the lines. Materials drape gracefully over their charming outlines. The result to the wearer is a wonderfully chic, smart appearance.

The fastidious woman cannot fail to be pleased with the fine fabrics and dainty trimmings used in W. B. Corsets. Even the least expensive ones are trimmed with the daintiness of fine lingerie.

The boning is firm yet pliable, absolutely rust proof, so that their shapeliness is retained to the end. Yet they are thoroughly comfortable from the first day you wear them.

Nuform Corsets for slender and average figures—\$1 up. Reduso models for the well-developed figure—\$3 up.

BREAKS UP A SEVERE COLD

Will Overcome all Distress From a Bad Cold or the Grippe in Just a Few Hours

You can surely end Grippe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges.

Take this harmless compound as directed, without interference with your usual duties and with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Eighteen Eggs.

"I don't think I'll make a cake by the recipe that woman across the hall gave me. It will be too expensive. The eggs alone will cost entirely too much," said the bride to her husband.

"Gee whiz," said he sympathetically, "that's too bad. How many eggs does it call for anyhow?"

"Eighteen," said she, "the yolks of eight and the whites of ten."—New York Sun.
